

WORKPLAN

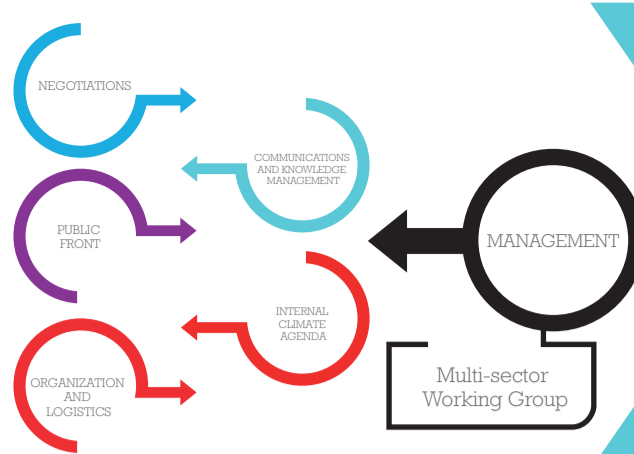

GOAL

The Climate Agreement process is made viable and dynamic by Peru through clear strategies.

FRONTS AND AREAS

COP20 is organized considering three action fronts, two transverse areas and one management. It works in coordination with the Multi-sector Working Group.

ORGANIZATION AND LOGISTICS

PREPARE OFFICIAL VENUE AREA

COP20 VENUE DESIGN AND CONSTRUCTION PROCESS

Army headquarters

VENUE EQUIPMENT

CLIMATE FAIR DESIGN

COORDINATION AND IMPLEMENTATION OF RELATED SERVICES

- Transport. Mobilization plan in coordination with the Ministry of Internal Affairs, Ministry of Transport and Communications and the Municipalities of Lima and San Borja.
- Accommodation. Hotel, house and apartment offer management in coordination with the corresponding Supplementary Working Group, led by the Ministry of International Trade and Tourism.
- Venue and city security. This is coordinated by the Security Supplementary Working Group, led by the Ministry of Internal Affairs and comprised by the Center for Assessment, Prevention and Disaster Risk Reduction (CENEPRED - in Spanish), the Fire Department, National Regulatory Entity for Security Services, Firearms, Ammunition and Explosives for Civil Use (SUCAMEC - in Spanish), the Ministry of Defense and the Metropolitan Municipality of Lima.
- Visas. System to grant visas and special permits in coordination with the Ministry of Internal Affairs and Ministry of External Affairs.
- Food. Certification of recommended establishments within the city.
- Health. Public and Private health care centers to attend participants, delegates and high officials.
- Official credentials. For delegates, participants and media, issued through the United Nations Framework Convention on Climate Change (UNFCCC) secretariat.
- Technology, information and communications. Arrangements to meet UNFCCC requirements are being performed, such as a WI-FI connection that guarantees simultaneous access for ten thousand people.
